

The lifting of restrictions means businesses are again opening their doors.

COVID-19

The NSW Government is here to support businesses and workers to get back to work and speed up the recovery.

All the information businesses need can be found at nsw.gov.au

Financial support is available

- > The NSW Government has made [funding available](#) to help you keep your business running.
- > Small businesses that have been impacted by COVID-19 can apply for grants of \$3,000 which can be applied for [online](#).
- > Business owners experiencing difficulties due to COVID-19 can find the benefits, rebates and concessions available to them using the [Service NSW COVID-19 Assistance Finder](#).

Promote your COVID Safe business

- > Have a COVID-19 Safety Plan in place? Then you can [register](#) as a COVID Safe business and receive a pack to help show your commitment to keeping your customers, employees and the community safe.
- > If you need a COVID-19 Safety Plan there are [specific templates](#) available for the industry.

Staff and business benefit when people keep mentally healthy at work

- > There is a range of [resources and support](#) available to help ensure you and your staff are mentally healthy today and into the future.

Together with help from businesses and the community NSW will come through this, and we can be a stronger and economically more vibrant community again.

> HELPING BUSINESS GET BACK TO WORK

Need more help: You can sign up for [free small business webinars](#) or you can call **13 77 88** for a personalised business concierge service.
